in Community Center 102**

BYOP

(Bring Your Own Project)

Its summer and some members are on vacation so for June, we will be working on our own project.

This will be a great opportunity to drag out some of those UFO (unfinished objects) and PIGS (projects in grocery bags) and get to work.

By the way, have you ever inventoried your UFO's. Who in the group has the most UFO's?

Its helpful to put them into categories like Almost Done, Partially Done and Barely Started. You can choose which ones to work on first. Pick one that is fast to finish, one that has a current deadline, one that you love working on and motivates you, one long term (work as you can, no hurry), one that will be a gift and one that you love and can finish easily.

We will be meeting in the Community Center 102 room.
